§ 105-164.11A(a)

Refund. - A retailer is allowed a refund of sales tax remitted on a rescinded sale or cancelled service. A sale is rescinded when the purchaser returns an item to the retailer and receives a refund, in whole or in part, of the sales price paid, including a refund of the pro rata amount of the sales tax based on the taxable amount of the sales price refunded. A service is cancelled when the service is terminated and the purchaser receives a refund, in whole or in part, of the sales price paid, including a refund of the pro rata amount of the sales tax paid based on the taxable amount of the sales price refunded. A retailer entitled to a refund under this section may reduce taxable receipts by the taxable amount of the refund for the period in which the refund occurs or may request a refund of an overpayment as provided in G.S. 105-241.7, provided the tax has been refunded to the purchaser. The records of the retailer must clearly reflect and support the claim for refund for an overpayment of tax or adjustment to taxable receipts for the period in which the refund occurs.

§ 105-164.11A(b)

Service Contract. - When a service contract is cancelled and a purchaser receives a refund, in whole or in part, of the sales price paid for the service contract, the purchaser may receive a refund of the pro rata amount of the sales tax paid based on the taxable amount of the sales price refunded as provided in this subsection:

- (1) Refund from retailer. - If the purchaser receives a refund on any portion of the sales price for a service contract purchased from the retailer required to remit the tax on the retail sale of the service contract, then the provisions of subsection (a) of this section apply.

- (2) Refund application. - If the purchaser receives a refund on any portion of the sales price for a service contract from a person other than the retailer required to remit the tax on the retail sale of the service contract, then the amount refunded to the purchaser by the person does not have to include the sales tax on the taxable amount of the refund. If the amount refunded to the purchaser by the person does not include the sales tax paid, then the purchaser may apply to the Department for a refund of the pro rata amount of the tax paid based on the taxable amount of the service contract refunded to the purchaser. The application for a refund by a purchaser must be made on a form prescribed by the Secretary, supported by documentation on the taxable amount of the service contract refunded to the purchaser from the person who refunded that amount, and filed within 30 days after the purchaser receives a refund. An application for a refund filed by the purchaser after the due date is barred. Taxes for which a refund is allowed directly to the purchaser for sales tax paid on a service contract are not an overpayment of tax and do not accrue interest as provided in G.S. 105-241.21. (2014-3, s. 6.1(d).)

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.
