Any rules adopted by the Board of Agriculture that affect llamas shall not refer to llamas as exotic or wild animals. It is the intent of the General Assembly that llamas be treated as domesticated livestock in order to promote the development and improvement of the llama industry in the State. This section does not prohibit the Board of Agriculture from classifying llamas for animal health purposes in accordance with generally accepted standards of veterinary medicine. For purposes of the section, "llama" means a South American camelid that is an animal of the genus llama. Llama includes llamas, alpacas, and guanacos. Llama does not include vicunas. Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
