

Confidentiality of information collected and published.

All information published by the Department of Agriculture and Consumer Services pursuant to this Part shall be classified so as to prevent the identification of information received from individual farm operators. All information generated by any federal agency received pursuant to this Chapter that is confidential under federal law shall be held confidential by the Department and its employees, unless confidentiality is waived by the federal agency. All information collected by the Department from farm owners or animal owners, including, but not limited to, certificates of veterinary inspection, animal medical records, laboratory reports received or generated from samples submitted for analysis, or other records that may be used to identify a person or private business entity subject to regulation by the Department shall not be disclosed without the permission of the owner unless the State Veterinarian determines that disclosure is necessary to prevent the spread of an animal disease or to protect the public health, or the disclosure is necessary in the implementation of these animal health programs.

FULL SECTION

N.C. Gen. Stat. § 106-24.1 (2018).

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State’s file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
