Dealers shall legibly print or type on each seed container or affix a label on each seed container a notice in the following form or using reasonably equivalent language:

North Carolina provides an opportunity for persons who believe that they have suffered damage from the failure of agriculture or vegetable seeds to perform as labeled or warranted, or as a result of negligence, to have the matter investigated and heard before a special seed board as an alternative to filing a court action. To take advantage of this procedure, a purchaser of seed must file a complaint with the North Carolina Commissioner of Agriculture in time for the seed, crop, or plants to be inspected. Failure to follow this procedure will limit the amount of damages you may be able to recover. Please contact the Commissioner of Agriculture for information about this claims procedure." Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
