

Confinement and isolation of diseased animals required.

Any animal or poultry affected with or exposed to a contagious animal disease shall be confined by the owner of the animal or poultry or the owner or operator of the premises in such a manner, by penning or otherwise securing and actually isolating the animal or poultry from the approach or contact with other animals or poultry not so affected; it shall not have access to any ditch, canal, branch, creek, river, or other surface water that passes beyond the affected premises, to any public road, or to the premises of any other person.

Citation

FULL SECTION

N.C. Gen. Stat. § 106-402 (2009).

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
