The passage by the Seventy-Ninth Congress of a law designated as Public Law 733, and more particularly Title II of that act, cited as "Agricultural Marketing Act of 1946," makes it all the more important for producers, handlers, processors and others of specific agricultural commodities to associate themselves in action programs, separately and with public and private agencies, to obtain the greatest and most immediate benefits under the provisions of such law, in respect to research, studies and problems of marketing, transportation and distribution.

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
