General Statutes of North Carolina, as published by the General Assembly	c. 719, s. 7 — second act in the lineage	21 September 2026, 02:20 UTC	1186ae6b86e6092f35d4c6c7 - faaa8845c25aca2f6d56edc2 - 028297a33fa5ed3e

§ 106-579.7(a)

The Board is authorized to promulgate such reasonable rules, regulations and standards for antifreezes as are specifically authorized in this Article and such other reasonable rules and regulations as may be necessary for the efficient enforcement of this Article and the protection of the public. The Board is authorized to promulgate regulations banning the distribution in North Carolina of any type of product not suitable for antifreeze usage in modern internal combustion engines or motor vehicles, whether by reason of potential damage to the cooling system, improper heat transfer from the engine, absence of a convenient and suitable test method for measuring freeze protection, or other reason bearing upon the ultimate effect of the product when used in such automotive cooling systems. Before the issuance, amendment, or repeal of any rule, regulation or standard authorized by this Article, the Board shall publish the proposed regulation, amendment, or notice to repeal an existing regulation in a manner reasonably calculated to give interested parties, including all current registrants, adequate notice and shall afford all interested persons an opportunity to present their views thereon, orally or in writing, within a reasonable period of time. After consideration of all views presented by interested persons, the Board shall take appropriate action as dictated by the material weight of objective information presented to the Board.

§ 106-579.7(b)

The Commissioner shall administer this Article by inspections, chemical analyses and other appropriate methods. The Commissioner shall also execute all orders, rules and regulations established by the Board. All authority vested in the Commissioner by virtue of the provisions of this Article may, with like force and effect, be executed by such agents of the Commissioner as he shall designate for such purpose; provided,

however, that confidential formula information referred to in G.S. 106-579.11 must be confined to the files of the administrative chemist specifically designated by the Commissioner to handle such information.

PINPOINT

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
