The General Assembly of North Carolina finds that due to the interstate nature of boll weevil infestation, it is necessary to secure the cooperation of cotton growers, other State governments and agencies of the federal government, in order to carry out a program of boll weevil suppression and eradication. The purpose of this Article is to provide for the certification of a cotton growers' organization to cooperate with State and federal agencies in the administration of cost-sharing programs for the eradication and suppression of the boll weevil (*Anthonomus grandis* Boheman) and other cotton pests.

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
