

CHAPTER 106

ARTICLE 63 - AQUACULTURE DEVELOPMENT ACT

N.C.G.S. § 106-763.1.

Propagation and production of American alligators.

General Statutes of North Carolina, as published by the General Assembly	No amendment history on record	21 September 2026, 04:23 UTC	4f1c690dca93dd38d90c75a8 - 5ac086f3673c16144cbb2c45 - d088229dc59d80f6

§ 106-763.1(a) License Required. - A person who intends to raise American alligators commercially must first obtain an Aquaculture Propagation and Production Facility License from the Department. The Board of Agriculture may regulate a facility that raises American alligators to the same extent that it can regulate any other facility licensed under this Article.

§ 106-763.1(b) Requirements. - A facility that raises American alligators commercially must comply with all of the following requirements:

- (1) Before a facility begins operation, it must prepare and implement a confinement plan. After a facility begins operation, it must adhere to the confinement plan. A confinement plan must comply with guidelines developed and adopted by the Wildlife Resources Commission. The Department may inspect a facility to determine if the facility is complying with the confinement plan. As used in this subdivision, "confinement" includes production within a building or similar structure and a perimeter fence.
- (2) A facility can possess only hatchlings that have been permanently tagged and have an export permit from their state of origin. The facility must keep records of all hatchlings it receives and must make these records available for inspection by the Wildlife Resources Commission and the Department upon request.

- (3) If the facility uses swine, poultry, or other livestock for feed, it must have a disease management plan that has been approved by the State Veterinarian, and it must comply with the plan.
- (4) The activities of the facility must comply with the Endangered Species Act and the Convention on International Trade in Endangered Species. The Department is the State agency responsible for the administration of this program for farm-raised alligators.

§ 106-763.1(c)

CLASS H FELONY

Sanctions. - The operator of a facility that possesses an untagged or undocumented alligator commits a Class H felony if the operator knows the alligator is untagged or undocumented. Conviction of an operator of a facility under this section revokes the license of the facility for five years beginning on the date of the conviction. An operator convicted under this section may not be the operator of any other facility required to be licensed under this Article for five years beginning on the date of the conviction. Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
