- § 106-92.10(a)

It shall be the duty of the Commissioner to sample, inspect, make analysis of, and test agricultural liming materials and landplaster distributed within this State as he may deem necessary to determine if such materials are in compliance with the provisions of this Article. The Commissioner is authorized to enter upon any public or private premises or carriers during regular business hours in order to have access to agricultural liming material and landplaster subject to the provisions of this Article, and regulations pertaining thereto, and to the records relating to their distribution.
- § 106-92.10(b)

The methods of analysis and sampling shall be those approved by the State Chemist, and shall be guided by the Association of Official Analytical Chemists procedures.
- § 106-92.10(c)

The results of official analysis of agricultural liming materials and portions of official samples may be distributed to the registrant by the Commissioner at least annually if requested.

FULL SECTION

N.C. Gen. Stat. § 106-92.10 (1979).

PINPOINT

N.C. Gen. Stat. § 106-92.10(a) (1979).

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
