- § 108A-146.7(a)

The managed care component is an amount of money that is a portion of the total paid capitation for all rating groups not associated with newly eligible individuals in all capitated contracted plan types for the previous data collection period. The managed care component is calculated by adding the aggregate inpatient subcomponents for all the rating groups calculated under subsection (b) of this section and the aggregate outpatient subcomponents for all the rating groups calculated under subsection (c) of this section.
- § 108A-146.7(b)

The inpatient subcomponent is an amount calculated for each rating group not associated with newly eligible individuals by multiplying the paid capitation for the applicable rating group in the previous data collection period by the percentage that is calculated by (i) multiplying the inpatient portion of the statewide capitation rate for the applicable rating group by the inpatient hospital financing percentage, (ii) multiplying that product by the nonfederal share for not newly eligible individuals, and (iii) dividing that product by the statewide capitation rate for the applicable rating group.
- § 108A-146.7(c)

The outpatient subcomponent is an amount calculated for each rating group not associated with newly eligible individuals by multiplying the paid capitation for the applicable rating group in the previous data collection period by the percentage that is calculated by (i) multiplying the outpatient portion of the statewide capitation rate for the applicable rating group by the outpatient hospital financing percentage, (ii) multiplying that product by the nonfederal share for not newly eligible individuals,

and (iii) dividing that product by the statewide capitation rate for the applicable rating group.

§ 108A-146.7(d)

Repealed by Session Laws 2023-7, s. 1.7(d), effective April 1, 2023, and applicable to assessments imposed on or after that date. (2021-61, s. 2; 2023-7, s. 1.7(d).)

PINPOINT

N.C. Gen. Stat. § 108A-146.7(a) (2026).

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
