As used in this sub-subdivision the term State facility is a facility listed under G.S. 122C-181.

§ 108A-41(c)

When determining whether a person has insufficient resources to provide a reasonable subsistence compatible with decency and health, there shall be excluded from consideration the person's primary place of residence and the land on which it is situated, and in addition there shall be excluded real property contiguous with the person's primary place of residence.

§ 108A-41(d)

The county shall also have the option of granting assistance to Certain Disabled persons as defined in the rules and regulations adopted by the Social Services Commission. Nothing in this Part should be interpreted so as to preclude any individual county from operating any program of financial assistance using only county funds.

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
