§ 108A-90(a) Whenever the Secretary or his representative assigns a portion of the nonfederal share of public assistance expenses to the counties under the rules and regulations of the Social Services Commission or the Department, the board of commissioners of each county shall levy and collect the taxes required to meet the county's share of such expenses.

§ 108A-90(b) The board of county commissioners may combine any or all of the separate special taxes for each program of public assistance and for the related administrative costs of such programs in place of levying separate special taxes for each item. This consolidated tax shall be sufficient, when combined with other funds available for use for public assistance expenses from any other source of county income and revenue (including borrowing in anticipation of collection of taxes), to meet the financial requirements of public assistance programs, and the related administrative costs of each program. The appropriations and expenditures for each of the several programs and for related administrative costs shall be separately stated and accounted for.

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
