The new delivery system and capitated PHP contracts shall be built on defined measures and goals for risk-adjusted health outcomes, quality of care, patient satisfaction, access, and cost. Each component shall be subject to specific accountability measures, including penalties. The Division of Health Benefits may use organizations such as National Committee for Quality Assurance (NCQA), Physician Consortium for Performance Improvement (PCPI), or any others necessary to develop effective measures for outcomes and quality. Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
