When conducting a remote electronic notarization, the electronic notary shall comply with the requirements of this Chapter. Each remote electronic notarization shall include a communication technology recording. There shall be no requirement that the communication technology recording further include any transactions other than the remote electronic notarial act unless the Secretary specifies a requirement to also record interactions of those particular transactions. Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
