The Commission may adopt rules governing possession, transportation, and disposition of fisheries resources by all persons, including those not subject to fish dealer licensing requirements, in order that inspectors may adequately distinguish regulated coastal fisheries resources from those not so regulated and enforce the provisions of this Article equitably and efficiently. These rules may include requirements as to giving notice, filing declarations, securing permits, marking packages, and the like. (1997-400, s. 5.1; 2001-213, s. 2.)

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
