- § 113-272.5(a)

The Wildlife Resources Commission may license individuals to hold at a specified location wild animals and wild birds that are lawfully taken, crippled, tame, or unfit for immediate release into their natural habitat, or one or more of any particular species of wild animal or wild bird alive in captivity for scientific, educational, exhibition, or other purposes. Before issuing this license, the Executive Director must determine that issuance of the license is appropriate under the objectives of this Subchapter, and that the wild animal or wild bird was not acquired unlawfully or merely as a pet. Upon refusing to issue the captivity license, the Executive Director may either take possession of the wild animal or wild bird for appropriate disposition or issue a captivity permit under G.S. 113-274(c)(1b) for a limited period until the holder makes proper disposition of the wild animal or wild bird.
- § 113-272.5(b)

Unless a shorter time is set for a license upon its issuance under the provisions of subsection (c), captivity licenses are annual licenses issued beginning January 1 each year and running until the following December 31. The captivity license for holding shall be issued upon payment of fifty dollars (\$50.00) and the captivity license for rehabilitation shall be issued upon payment of ten dollars (\$10.00) to the Wildlife Resources Commission.
- § 113-272.5(c)

The Wildlife Resources Commission may require standards of caging and care and reports to and supervision by employees of the Wildlife Resources Commission in furtherance of the objectives of this Subchapter. The Executive Director in implementing the provisions of this section may administratively impose restrictions upon the mode of captivity deemed necessary, including prescribing methods of

treatment and handling. To this end, the Executive Director may issue the captivity license with an expiration date earlier than December 31 and may also act to terminate any captivity license earlier than the expiration date for good cause.

§ 113-272.5(d) Any substantial deviation from reasonable requirements imposed by rule or administratively under the authority of this section renders possession of the wild animal or wild bird unlawful.

§ 113-272.5(e) No captivity license may be issued for any cougar (*Felis concolor*), except to:

- (1) A bona fide publicly supported zoo.
- (2) An educational or scientific research institution.
- (3) An individual who lawfully possessed the cougar on June 29, 1977. The license may not be granted, however, for possession of a cougar within a municipality which prohibits such possession by ordinance.
- (4) An individual who holds a cougar without caging under conditions simulating a natural habitat, the development of which is in accord with plans and specifications developed by the holder and approved by the Wildlife Resources Commission.

§ 113-272.5(f) The licensing provisions of this section apply to black bears held in captivity, but, to the extent that it differs from this section, Article 2 of Chapter 19A of the General Statutes governs the keeping of black bears in captivity.

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
