- § 113A-129.10(a) The General Assembly finds that development of properly sited and planned upland basin marinas to accommodate vessels promotes the public welfare for a number of reasons, including all of the following:
- (1) Increasing riparian property owner access to the State's public trust waters.
 - (2) Expanding the total area of the State's public trust waters.
 - (3) Reducing and confining potential storm debris.
 - (4) Reducing the need for additional onshore impervious surfaces associated with parking.
 - (5) Promoting the use of innovative technologies.
 - (6) Promoting the collection of site-specific data designed to assure compliance with applicable water quality standards.
 - (7) Maintaining or improving overall water quality when sited, designed, constructed, and operated in conformance with the provisions of this Part.
- § 113A-129.10(b) Accordingly, it is the intent of the General Assembly that this Part be broadly construed to further the general purposes stated in this Part. (2025-48, s. 2.)

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
