Local boards of education shall adopt policies for student access to the internet on devices or internet services provided by the local school administrative unit. The policies shall do at least the following:

Limit access by students to only age-appropriate subject matter and materials.

Protect the safety and security of students when accessing email, chat rooms, and other forms of electronic communication.

Prohibit unauthorized access by students to data or information maintained by the local school administrative unit, including by "hacking" and other unlawful online activities.

Prevent access to websites, web applications, or software that do not protect against the disclosure, use, or dissemination of a student's personal information.

Prohibit and prevent students from accessing social media platforms, except when expressly directed by a teacher solely for educational purposes. (2025-38, s. 1(a).)

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
