- § 115C-108.1(a)

The Board shall cause all local educational agencies to provide special education and related services to children with disabilities in their care, custody, management, jurisdiction, control, or programs.
- § 115C-108.1(b)

The jurisdiction of the Board with respect to the design and content of special education programs or related services for children with disabilities extends to and over the Department of Health and Human Services, and the Division of Juvenile Justice of the Department of Public Safety.
- § 115C-108.1(c)

All provisions of this Article that are specifically applicable to local school administrative units also are applicable to the Department of Health and Human Services, and the Division of Juvenile Justice of the Department of Public Safety, and their divisions and agencies; all duties, responsibilities, rights, and privileges specifically imposed on or granted to local school administrative units by this Article also are imposed on or granted to the Department of Health and Human Services, and the Division of Juvenile Justice of the Department of Public Safety, and their divisions and agencies. However, with respect to children with disabilities who are residents or patients of any State-operated or State-supported residential treatment facility, including a school for the deaf, school for the blind, mental hospital or center, developmental center, or in a facility operated by the Division of Juvenile Justice of the Department of Public Safety, or any of their divisions and agencies, the Board may contract with the Department of Health and Human Services, and the Division of Juvenile Justice of the Department of Public Safety for the provision of special

education and related services and the power to review, revise, and approve any plans for special education and related services to those residents.

§ 115C-108.1(d)

The Department of Health and Human Services and the Department of Public Safety shall submit to the Board their plans for the education of children with disabilities in their care, custody, or control. The Board may grant specific exemptions for programs administered by the Department of Health and Human Services or the Division of Juvenile Justice of the Department of Public Safety when compliance by them with the Board's standards would, in the Board's judgment, impose undue hardship on that department or division and when other procedural due process requirements, substantially equivalent to those required under this Article and IDEA, are assured in programs of special education and related services furnished to children with disabilities served by that department. Further, the Board shall recognize that inpatient and residential special education programs within the Department of Health and Human Services or the Division of Juvenile Justice of the Department of Public Safety may require more program resources than those necessary for optimal operation of these programs in local school administrative units.

§ 115C-108.1(e)

The Board shall support and encourage joint and collaborative special education planning and programming at local levels to include local school administrative units and the programs and agencies of the Department of Health and Human Services or the Division of Juvenile Justice of the Department of Public Safety. This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
