Notwithstanding G.S. 90-21.10B, it is within the scope of duty of teachers, including substitute teachers, teacher assistants, student teachers, or any other public school employee when authorized by the board of education or its designee, (i) to administer any drugs or medication prescribed by a doctor upon written request of the parents, (ii) to give emergency health care when reasonably apparent circumstances indicate that any delay would seriously worsen the physical condition or endanger the life of the pupil, and (iii) to perform any other first aid or lifesaving techniques in which the employee has been trained in a program approved by the State Board of Education. No employee, however, shall be required to administer drugs or medication or attend lifesaving techniques programs.

Any public school employee, authorized by the board of education or its designee to act under (i), (ii), or (iii) above, shall not be liable in civil damages for any authorized act or for any omission relating to that act unless the act or omission amounts to gross negligence, wanton conduct, or intentional wrongdoing. Any person, serving in a voluntary position at the request of or with the permission or consent of the board of education or its designee, who has been given the authority by the board of education or its designee to act under (ii) above shall not be liable in civil damages for any authorized act or for any omission relating to the act unless the act amounts to gross negligence, wanton conduct, or intentional wrongdoing.

At the commencement of each school year, but before the beginning of classes, and thereafter as circumstances require, the principal of each school shall determine which persons will participate in the medical care program. (2005-22, s. 2(b); 2006-264, ss. 57(a), (c); 2023-134, s. 7.81(c).)

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
