§ 115C-391.2(a) Policies adopted by governing bodies of public school units governing searches of a student's person or property shall be consistent with the provisions of this Article and the constitutions, statutes, and regulations of the United States and the State of North Carolina. All searches performed by school officials in accordance with the policies shall be executed using methods that are narrowly tailored to be minimally intrusive while investigating the suspected activity.

§ 115C-391.2(b) Each policy adopted by a governing body of a public school unit in accordance with subsection (a) of this section shall require that searches of a student's person are conducted in private by one school official and one adult witness, both of whom shall be the same sex as the student. The policy may provide an exception to this requirement for searches conducted using a walk-through metal detector, handheld wand, or other similar minimally intrusive device designed to detect weapons and regularly used for security scanning. Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
