§ 115C-440.1(a) It is the purpose of Article 42 of Chapter 105 of the General Statutes for counties to appropriate funds generated under that Article to increase the level of county spending for public elementary and secondary school capital outlay (including retirement of indebtedness incurred by the county for this purpose) above and beyond the level of spending prior to the levy of the additional tax authorized under that Article.

§ 115C-440.1(b) On or before May 1 of each year the Local Government Commission shall furnish to the General Assembly a report of the level of each county's appropriations for public school capital outlay, including appropriations to the public school capital outlay fund, funds expended by counties on behalf of and for the benefit of public schools for capital outlay, monies reserved for future years' retirement of debt incurred or capital outlay, and any other information the Local Government Commission considers relevant. For purposes of this subsection, the term "public schools" includes charter schools, if authorized. The Local Government Commission shall develop and implement by May 1, 1997, a uniform reporting system whereby counties are able to report all county expenditures under this subsection.

§ 115C-440.1(c) Any local board of education may petition the Local Government Commission to make a finding that the funds provided by a county for public school capital outlay purposes are, within the financial resources available and consistent with the fiscal policies of the Board of County Commissioners, inadequate to meet the public school capital outlay needs within that county and that the Board of County Commissioners has

not complied with the requirements or intent of this Article. The petition shall be in the form prescribed by the Commission. In making its finding, the Commission shall consider the facts it is required to report under subsection (b) of this section, as well as any other information it deems necessary. The Commission shall report its findings on such petition, together with any recommendations it deems appropriate, to the Joint Legislative Commission on Governmental Operations. (1985 (Reg. Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
