The General Assembly finds:

Section 226 of the Taxpayer Relief Act of 1997, as codified at 26 U.S.C. § 54E, provides funds for school improvements through taxable qualified zone academy bonds. Ninety-five percent (95%) or more of the proceeds of a qualified zone academy bond issue must be used for a qualified purpose with respect to a qualified zone academy established by an eligible local education agency.

Partnerships between private entities and local schools are promoted through the use of qualified zone academy bonds. Issuers must certify that they have received written commitments from one or more private entities to make qualified contributions valued at ten percent (10%) of the proceeds of the issue.

Section 1521, et seq., of the American Recovery and Reinvestment Tax Act of 2009 (ARRTA), enacted as 26 U.S.C. § 54F, provides a new source of funds for construction, rehabilitation, or repair of public school facilities or for acquisition of land for public school facilities through the issuance of qualified school construction bonds.

Eligible taxpayers may receive federal tax credits for holding the qualified zone academy bonds or qualif -
ied school construction bonds. It is intended that the qualified zone academy bonds and qualified school construction bonds be sold at a price so that the tax credits received produce the economic equivalent of interest that otherwise would have been paid on the bonds. Therefore, issuers of qualified zone academy bonds or qualified school construction bonds are obligated to repay the principal amount of the qualified zone academy bonds or qualified school construction bonds but need not make interest payments.

Applicable federal law limits the amount of qualified zone academy bonds and qualified school construction bonds that may be issued in North Carolina in a calendar year. The amount of qualified school construction bonds that may be issued in the State is divided between amounts specifically designated for identified local

school districts pursuant to ARRTA ("local allocation") and amounts allocated to the entire State for use throughout the State ("statewide allocation"). (2000-69, s. 1; 2009-140, s. 1.)

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
