A private church school or school of religious charter may provide remote instruction if the school maintains copies of all records required by this Chapter at an administrative office that is physically located in the State. For the purposes of this section, remote instruction means instruction delivered to students in a remote location outside of a school facility, whether synchronously or asynchronously. Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
