

## High school competency testing.

To assure that all high school graduates possess those minimum skills and that knowledge thought necessary to function in society, each qualified nonpublic school shall administer at least once in each school year, a nationally standardized test or other nationally standardized equivalent measure selected by the chief administrative officer of such school, to all students enrolled and regularly attending the eleventh grade. The nationally standardized test or other equivalent measurement selected must measure competencies in the verbal and quantitative areas. Each qualified nonpublic school shall establish a minimum score which must be attained by a student on the selected test in order to be graduated from high school. For one year after the testing, all records shall be made available, subject to G.S. 115C-174.13, at the principal office of such school, at all reasonable times, for annual inspection by a duly authorized representative of the State of North Carolina.

FULL SECTION

N.C. Gen. Stat. § 115C-558 (2004).

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
