Instruction in career and technical education shall include the following:

The integration of academic and career and technical education.

A sequential course of study leading to career and college readiness.

Increased student work skill attainment and job placement.

Increased linkages, where geographically feasible, between public schools and community colleges, so the public schools can emphasize academic preparation and the community colleges can emphasize specific job training.

Instruction and experience, to the extent practicable, in all aspects of the industry the students are prepared to enter. (2017-126, s. 5.)

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
