Community colleges shall assist in the preemployment and in-service training of employees in industry, business, agriculture, health occupation, and governmental agencies. Such training shall include instruction on worker safety and health standards and practices applicable to the field of employment. The State Board of Community Colleges shall make appropriate regulations, including the establishment of maximum hours of instruction which may be offered at State expense in each in-plant training program. No instructor or other employee of a community college shall engage in the normal management, supervisory, and operational functions of the establishment in which the instruction is offered during the hours in which the instructor or other employee is employed for instructional or educational purposes. Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
