The purpose of the first semester of the Gateway to College Program is to address additional support to successfully complete the Program. Students may need to take developmental courses necessary for the transition to more challenging courses; therefore, the State Board of Community Colleges shall (i) permit high school students who are enrolled in Gateway to College Programs to enroll in developmental courses based on an assessment of their individual student needs by a high school and community college staff team and (ii) include this coursework in computing the budget FTE for the colleges. Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
