In the event a child with disabilities leaves the laboratory school and enrolls in a public school during the first 60 school days in the school year, the laboratory school shall return a pro rata amount of funds allocated for that child to the State Board, and the State Board shall reallocate those funds to the local school administrative unit in which the public school is located. In the event a child with disabilities enrolls in the laboratory school during the first 60 school days in the school year, the State Board shall allocate to the laboratory school the pro rata amount of additional funds for children with disabilities.

(3)

An additional amount for children with limited English proficiency attending the laboratory school, based on a formula adopted by the State Board.
- § 116-239.11(b)

The per pupil share of the local current expense fund shall be transferred to the laboratory school within 30 days of the receipt of monies into the local current expense fund. The local school administrative unit and laboratory school may use the process for mediation of differences provided in G.S. 115C-218.95(d) to resolve differences on calculation and transference of the per pupil share of the local current expense fund. The amount transferred under this subsection that consists of revenue derived from supplemental taxes shall be transferred only to a laboratory school located in the tax district for which these taxes are levied and in which the student resides.

- (3) How the per pupil share of the local current expense fund was calculated.
- (4) Any additional records requested by a laboratory school from the local school administrative unit in order for the laboratory school to audit and verify the calculation and transfer of the per pupil share of the local current expense fund.

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.
