The Board of Governors of the University of North Carolina is authorized to establish an Institute for Transportation Research and Education to facilitate the development of a broad program of transportation research and education involving other organizations and institutions which have related programs. The immediate purpose of the Institute shall be to create a management structure to coordinate and eventually merge the Highway Safety Programs of the National Driving Center and the North Carolina Highway Safety Research Center. The Board of Governors of the University of North Carolina is further authorized to establish a Council for Transportation Research and Education to represent all interests in transportation research and education, including but not limited to transportation safety.

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
