Agencies of the State shall evaluate the agency's efforts to reduce the dissemination of personal identifying information, as defined in G.S. 14-113.20(b). The evaluation shall include the review of public forms, the use of random personal identification numbers, restriction of access to personal identifying information, and reduction of use of personal identifying information when it is not necessary. Special attention shall be given to the use, collection, and dissemination of social security numbers. If the collection of a social security number is found to be unwarranted, the State agency shall immediately discontinue the collection of social security numbers for that purpose. Any agency that determines that an act of the General Assembly or other provision of law impedes the agency's ability to reduce the incidence of identity theft shall report such findings to the General Assembly by January 1 of the year following such a determination. COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
