§ 122C-126.1(a) For the purposes of this section, competitive health care information means information relating to competitive health care activities by or on behalf of the area authority. Competitive health care information shall be confidential and not a public record under Chapter 132 of the General Statutes; provided that any contract entered into by or on behalf of an area authority shall be a public record, unless otherwise exempted by law, or the contract contains competitive health care information, the determination of which shall be as provided in subsection (b) of this section.

§ 122C-126.1(b) If an area authority is requested to disclose any contract that the area authority believes in good faith contains or constitutes competitive health care information, the area authority may either redact the portions of the contract believed to constitute competitive health care information prior to disclosure or, if the entire contract constitutes competitive health care information, refuse disclosure of the contract. The person requesting disclosure of the contract may institute an action pursuant to G.S. 132-9 to compel disclosure of the contract or any redacted portion thereof. In any action brought under this subsection, the issue for decision by the court shall be whether the contract, or portions of the contract withheld, constitutes competitive health care information, and in making its determination, the court shall be guided by the procedures and standards applicable to protective orders requested under Rule 26(c)(7) of the Rules of Civil Procedure. Before rendering a decision, the court shall review the contract in camera and hear arguments from the parties. If the court finds that the contract constitutes or contains competitive health care information,

the court may either deny disclosure or may make such other appropriate orders as are permitted under Rule 26(c) of the Rules of Civil Procedure.

§ 122C-126.1(c) Nothing in this section shall be deemed to prevent the Attorney General, the State Auditor, or an elected public body, in closed session, which has responsibility for the area authority, from having access to this confidential information. The disclosure to any public entity does not affect the confidentiality of the information. Members of the public entity shall have a duty not to further disclose the confidential information.- (2012-151, s. 10.)

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
