- (1) Any member may retire upon electronic submission or written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month, not less than one day nor more than 120 days subsequent to the execution and filing thereof, he desires to be retired: Provided, that the said member at the time so specified for his retirement shall have attained the age of 60 years and have at least five years of creditable service or shall have completed 30 years of creditable service, or if a firefighter or rescue squad worker, he shall have attained the age of 55 years and have at least five years of creditable service.
- (2) Repealed by Session Laws 1983 (Regular Session, 1984), c. 1019, s. 1.
- (3) Repealed by Session Laws 1971, c. 325, s. 12.
- (4) Any member who was in service October 8, 1981, who had attained 60 years of age, may retire upon electronic submission or written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month, not less than one day nor more than 120 days subsequent to the execution and filing thereof, he desires to be retired.

- (5) Any member who is a law enforcement officer and who (i) attains age 50 and completes 15 or more years of creditable service in this capacity, or (ii) attains age 55 and completes five or more years of creditable service in this capacity, or (iii) who has completed 25 years of creditable service with a minimum of 15 years of creditable service in a law enforcement capacity may retire upon electronic submission or written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month, not less than one day nor more than 120 days subsequent to the execution and filing thereof, the member desires to be retired; provided, also, any member who has met the conditions required by this subdivision but does not retire, and later becomes an employee other than as a law enforcement officer, continues to have the right to commence retirement.

§ 128-27(a1)

Early Service Retirement Benefits. - Any member may retire and receive a reduced retirement allowance upon electronic submission or written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month, not less than one day nor more than 120 days subsequent to the execution and filing thereof, he desires to be retired: Provided, that the said member at the time so specified for his retirement shall have attained the age of 50 years and have at least 20 years of creditable service.

§ 128-27(a2)

Discontinued Service Retirement Allowance. - A member whose employment with a participating employer is involuntarily terminated as a result of a termination event as defined in this subsection may be allowed a discontinued service retirement allowance, provided that the discontinued service retirement allowance is approved by the terminated member's participating employer, and provided that reemployment with that participating employer is not available to the member at the time of the termination event. For purposes of this section, "termination event" means termination of employment as a result of (i) the participating employer's cessation of operations; (ii) the participating employer's dissolution; (iii) the merger of a participating employer with and into an unrelated entity, other than another participating employer; (iv) the acquisition of the participating employer by an unrelated entity, other than another participating employer; or (v) the determination by the participating employer that a reduction in force will accomplish economies in the participating employer's budget resulting from either the elimination of a job and its responsibilities or from lack of funds to support the job. Final action approving the discontinued service retirement allowance for a terminated member by the member's participating employer shall be taken in an open meeting.

Upon the occurrence of a termination event, and subject to the provisions of this subsection, an unreduced discontinued service retirement allowance, not otherwise allowed under this Chapter, may be approved for terminated members with 20 or more years of creditable service who are at least 55 years of age. Alternatively, upon the occurrence of a termination event, a discontinued service retirement allowance, not otherwise allowed under this Chapter, may be approved for terminated members with 20 or more years of creditable service who are at least 50 years of age, reduced by one-fourth of one percent ($\frac{1}{4}$ of 1%) for each month that retirement precedes the member's fifty-fifth birthday.

In cases in which a discontinued service retirement allowance is approved, the terminated member's employer shall be responsible for making a lump-sum payment to the Retirement System's Board of Trustees equal to the actuarial present value of the additional liabilities imposed upon the Retirement System, to be determined by the Retirement System's consulting actuary, as a result of the discontinued service retirement allowance, plus an administrative fee to be determined by the Board of Trustees. An employer shall not discriminate against any member or group of members employed by the employer in the approval or disapproval of a discontinued service retirement allowance.

§ 128-27(a3)

Anti-Pension-Spiking Contribution-Based Benefit Cap. - Notwithstanding any other provision of this section, every service retirement allowance provided under this section for members who retire on or after January 1, 2015, is subject to adjustment pursuant to a contribution-based benefit cap under this subsection. The Board of Trustees shall adopt a contribution-based benefit cap factor recommended by the actuary, based upon actual experience, such that no more than three-quarters of one percent (0.75%) of retirement allowances are expected to be capped. The Board of Trustees shall modify such factors every five years, as shall be deemed necessary, based upon the five-year experience study as required by G.S. 128-28(o).

Prior to establishing a service retirement allowance under this section, the Board shall:

- (1) Determine an amount equal to the member's accumulated contributions as required under G.S. 128-30(b)(1) for all years during which the member earned membership service, other than service earned through armed service credit under G.S. 128-26(a1), G.S. 128-26(j1), or G.S. 128-26.5, used in the calculation of the retirement allowance that the member would receive under this section.

- (2) Determine the amount of a single life annuity that is the actuarial equivalent of the amount determined under subdivision (1) of this subsection, adjusted for the age of the member at the time of retirement or, when appropriate, the age at the time of the member's death.
- (3) Multiply the annuity amount determined under subdivision (2) of this subsection by the contribution-based benefit cap factor.
- (4) Determine the amount of the retirement allowance that results from the member's membership service, to which the member would be entitled but for the adjustment under this subsection. This amount shall be calculated in the same manner as the member's service retirement allowance, with the following exceptions: The applicable percentage of the member's average final compensation shall be multiplied by the number of years of membership service, rather than the number of years of creditable service; the amount shall include the effect of any percentage reduction that applies to the member's service retirement allowance by virtue of the member's age or amount of creditable service as of the service retirement date; and the amount shall not be adjusted for an optional allowance elected under subsection (g) of this section.

The product of the multiplication in subdivision (3) of this subsection is the member's contribution-based benefit cap. If the amount determined under subdivision (4) of this subsection exceeds the member's contribution-based benefit cap, the member's retirement allowance shall be reduced by an amount equal to the difference between the contribution-based benefit cap and the amount determined under subdivision (4) of this subsection.

Notwithstanding the foregoing, the retirement allowance of a member with an average final compensation of less than one hundred thousand dollars (\$100,000), as hereinafter indexed, shall not be subject to the contribution-based benefit cap. The minimum average final compensation necessary for a retirement allowance to be subject to the contribution-based benefit cap shall be increased on January 1 each year by the percent change between the June Consumer Price Index in the year prior to retirement and the June Consumer Price Index in the fiscal year most recently ended, calculated to the nearest tenth of a percent (0.1%), provided that this percent change is positive.

Notwithstanding the foregoing, the retirement allowance of a member who became a member before January 1, 2015, or who has not earned at least five years of membership service in the Retirement System after January 1, 2015, shall not be reduced; however, the member's last employer, or if the member's last employer did not report to the

retirement system any compensation paid to the member during the period used to compute the member's average final compensation, the member's employer or employers who reported compensation to the member during such period, shall be required to make an additional contribution as specified in G.S. 128-30(g)(2)b., if applicable.

§ 128-27(a4)

Effect of Severance Pay. - Notwithstanding any provision of this section to the contrary, a member in receipt of severance pay from an employer is not eligible to receive a retirement allowance under this Article while in receipt of that severance pay. If a member is entitled to receive a lump sum severance payment based on a certain period of time, such as a number of weeks or months, then the member is not eligible to receive a retirement allowance under this Article for any month, beginning immediately after the member's separation from service to that employer, that includes the time period used to determine the lump sum severance payment.

- (2) A pension equal to the annuity allowable at the age of 65 years or at his retirement age, whichever is the earlier, on the basis of contributions made prior to such earlier age; and
- (3) If he has a prior service certificate in full force and effect, an additional pension which shall be equal to the annuity which would have been provided at the age of 65 years, or at the earlier age of retirement if prior thereto, by twice the contributions which he would have made during such period of service had the System been in operation and he contributed thereunder at the rate of
 - a. Six and twenty-five hundredths percent (6.25%) of his compensation if such certificate is a Class A certificate, or

(1) A member who is a law enforcement officer or an eligible former law enforcement officer shall receive a service retirement allowance computed as follows:

b. If the member's service retirement date occurs prior to the member's 50th birthday and after the completion of 25 years of creditable service with a minimum of 15 years of creditable service in a law enforcement capacity but before the completion of 30 years of creditable service, the retirement allowance shall be equal to the greater of the following amounts:

1. The service retirement allowance payable under G.S. 128-27(b22)(1)a. reduced by one-third of one percent ($\frac{1}{3}$ of 1%) thereof for each month by which the member's retirement date precedes the first day of the month coincident with or next following the month the member would have attained age 55.

2. The service retirement allowance as computed under G.S. 128-27(b22)(1)a. reduced by five percent (5%) times the difference between 30 years and the member's creditable service at retirement plus four percent (4%) times the difference between 50 and the member's age at retirement.

c. 2.The service retirement allowance as computed under G.S. 128-27(b22)(1)a. reduced by five percent (5%) times the difference between 30 years and the amount of creditable service at retirement.

(2) A member who is not a law enforcement officer or an eligible former law enforcement officer shall receive a service retirement allowance computed as follows:

a.If the member's service retirement date occurs on or after the member's 65th birthday upon the completion of five years of creditable service, or after the completion of 30 years of creditable service, or on or after the member's 60th birthday upon the completion of 25 years of creditable service, the allowance shall be equal to one and eighty-five hundredths percent (1.85%) of the member's average final compensation, multiplied by the number of years of creditable service.

c.If the member's early service retirement date occurs on or after the member's 50th birthday and before the member's 60th birthday and after completion of 20 years of creditable service but prior to the completion of 30 years of creditable service, the early service retirement allowance shall be equal to the greater of the following amounts:

1.The service retirement allowance as computed under G.S. 128-27(b22)(2)a. but reduced by the sum of five-twelfths of one percent ($\frac{5}{12}$ of 1%) thereof for each month by which the retirement date precedes the first day of the month coincident with or next following the month the member would have attained the member's 60th birthday, plus one-quarter of one percent ($\frac{1}{4}$ of 1%) thereof for each month by which the member's 60th birthday precedes the first day of the month coincident with or next following the member's 65th birthday.

2.The service retirement allowance as computed under G.S. 128-27(b22)(2)a. reduced by five percent (5%) times the difference between 30 years and the amount of creditable service at retirement.

d.Notwithstanding the foregoing provisions, any member whose creditable service commenced prior to July 1, 1965, shall not receive less than the benefit provided by G.S. 128-27(b).

§ 128-27(c)

Disability Retirement Benefits. - Upon the application of a member or of his employer, any member who has had five or more years of creditable service may be retired by the Board of Trustees, on the first day of any calendar month, not less than one day nor more than 120 days next following the date of filing such application, on a disability retirement allowance: Provided, that the medical board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity was incurred at the time of active employment and has been continuous thereafter, that such incapacity is likely to be permanent, and that such member should be retired; Provided further the medical board shall determine if the member is able to engage in gainful employment and, if so, the member may still be retired and the disability retirement allowance as a result thereof shall be reduced as in subsection (e) below. Provided further, that the Medical Board shall not certify any member as disabled who:

- (1) Applies for disability retirement based upon a mental or physical incapacity which existed when the member first established membership in the system; or
- (2) Is in receipt of any payments on account of the same disability which existed when the member first established membership in the system.

The Board of Trustees shall require each employee upon enrolling in the retirement system to provide information on the membership application concerning any mental or physical incapacities existing at the time the member enrolls.

Notwithstanding the requirement of five or more years of creditable service to the contrary, a member who is a law enforcement officer, an eligible firefighter as defined in G.S. 58-86-2, or an eligible rescue squad worker as defined in G.S. 58-86-2, and becomes incapacitated for duty as the natural and proximate result of injuries incurred while in the actual performance of his or her duties, and meets all other requirements for disability retirement benefits, may be retired by the Board of Trustees on a disability retirement allowance.

Notwithstanding the foregoing to the contrary, any beneficiary who commenced retirement with an early or service retirement benefit has the right, within three years of his retirement, to convert to an allowance with disability retirement benefits without modification of any election of optional allowance previously made; provided, the beneficiary would have met all applicable requirements for disability retirement benefits while still in service as a member. The allowance on account of disability retirement benefits to the beneficiary shall be retroactive to the effective date of early or service retirement.

Notwithstanding the foregoing, effective April 1, 1991, the surviving designated beneficiary of a deceased member who met all other requirements for disability retirement benefits, except whose death occurred before the first day of the calendar month in which the member's disability retirement allowance was to be due and payable, may elect to receive the reduced retirement allowance provided by a one hundred percent (100%) joint and survivor payment option in lieu of a return of accumulated contributions, provided the following conditions apply:

- (1) At the time of the member's death, one and only one beneficiary is eligible to receive a return of accumulated contributions, and
- (2) The member had not instructed the Board of Trustees in writing that he did not wish the provision of this subsection to apply.

§ 128-27(d)

- (1) An annuity which shall be the actuarial equivalent of his accumulated contributions at the time of the retirement;
- (2) A pension equal to seventy-five percent (75%) of the pension that would have been payable upon service retirement at the age of 65 years had the member continued in service to the age of 65 years without further change in compensation.

Supplemental disability benefits heretofore provided are hereby made a permanent part of disability benefits after age 65, and shall not be discontinued at age 65.

§ 128-27(d1)

Allowance on Disability Retirement of Persons Retiring on or after July 1, 1965, but prior to July 1, 1969. - Upon retirement for disability, in accordance with subsection (c) above, on or after July 1, 1965, but prior to July 1, 1969, a member shall receive a service retirement allowance if he has attained the age of 60 years, otherwise he shall receive a disability retirement allowance which shall be computed as follows:

- (1) Such allowance shall be equal to the service retirement allowance which would have been payable had he continued in service without further change in compensation, to the age of 60 years, minus the actuarial equivalent of the contributions he would have made during such continued service.
- (2) Notwithstanding the foregoing provisions, any member whose creditable service commenced prior to July 1, 1965, and uniformed policemen or firemen not covered under the Social Security Act employed thereafter, shall receive not less than the benefit provided by G.S. 128-27(d).

§ 128-27(d2)

Allowance on Disability Retirement of Persons Retiring on or after July 1, 1969, but prior to July 1, 1971. - Upon retirement for disability, in accordance with subsection (c) above, on or after July 1, 1969, but prior to July 1, 1971, a member shall receive a service retirement allowance if he has attained the age of 60 years, otherwise he shall receive a disability retirement allowance which shall be computed as follows:

- (1) Such allowance shall be equal to the service retirement allowance which would have been payable had he continued in service without further change in compensation to the age of 65 years, minus the actuarial equivalent of the contributions he would have made during such continued service.
- (2) Notwithstanding the foregoing provisions, any member whose creditable service commenced prior to July 1, 1965, and uniformed policemen or firemen not covered under the Social Security Act employed thereafter, shall receive not less than the benefit provided by G.S. 128-27(d).

§ 128-27(d3)

Allowance on Disability Retirement of Persons Retiring on or after July 1, 1971, but prior to July 1, 1982. - Upon retirement for disability, in accordance with subsection (c) of this section on or after July 1, 1971, but prior to July 1, 1982, a member shall receive a service retirement allowance if he has attained the age of 65 years; otherwise he shall receive a disability retirement allowance which shall be computed as follows:

- (1) Such allowance shall be equal to a service retirement allowance calculated on the basis of the member's average final compensation prior to his disability retirement and the creditable service he would have had at the age of 65 years if he had continued in service.
- (2) Notwithstanding the foregoing provisions,
 - a. Any member whose creditable service commenced prior to July 1, 1971, shall receive not less than the benefit provided by G.S. 128-27(d2);
 - b. The amount of disability allowance payable from the reserve funds of the Retirement System to any member retiring on or after July 1, 1974, who is eligible for and in receipt of a disability benefit under the Social Security Act shall be seventy percent (70%) of the amount calculated under a above, and the balance shall be provided by the employer from time to time during each year in such amounts as may be required to cover such payments as current disbursements; and
 - c. The amount of disability allowance payable to any member retiring on or after July 1, 1974, who is not eligible for and in receipt of a disability benefit under the Social Security Act shall not be payable from the reserve funds of the Retirement System but shall be provided by the employer from time to time during each year in such amounts as may be required to cover such payments as current disbursements.

§ 128-27(d4)

Allowance on Disability Retirement of Persons Retiring on or after July 1, 1982. - Upon retirement for disability, in accordance with subsection (c) of this section on or after July 1, 1982, a member shall receive a service retirement allowance if he has qualified for an unreduced service retirement allowance; otherwise the allowance shall be equal to a service retirement allowance calculated on the member's average final compensation prior to his disability retirement and the creditable service he would have had had he continued in service until the earliest date on which he would have qualified for an unreduced service retirement allowance.

§ 128-27(e)

Reexamination of Beneficiaries Retired on Account of Disability. - Once each year during the first five years following retirement of a member on a disability allowance, and once in every three-year period thereafter, the Board of Trustees may, and upon the member's application shall, require any disability beneficiary who has not yet attained the age of 60 years to undergo a medical examination performed at the place of residence of that beneficiary, or other place mutually agreed upon, by the physician or physicians designated by the Board of Trustees. Should any disability beneficiary who has not yet attained the age of 60 years refuse to submit to at least one medical

examination in any year required by this subsection, the beneficiary's allowance may be discontinued until withdrawal of the refusal. If the refusal continues for one year, all the beneficiary's rights in and to the beneficiary's pension may be revoked by the Board of Trustees. The following provisions apply:

- (1) The Board of Trustees shall determine whether a disability beneficiary is engaged in or is able to engage in a gainful occupation paying more than the difference, as hereinafter indexed, between his disability retirement allowance and the gross compensation earned as an employee during the 12 consecutive months in the final 48 months of service prior to retirement producing the highest gross compensation excluding any compensation received on account of termination. If the disability beneficiary is earning or is able to earn more than the difference, the portion of his disability retirement allowance not provided by his contributions shall be reduced to an amount which, together with the portion of the disability retirement allowance provided by his contributions and the amount earnable by him shall equal the amount of his gross compensation prior to retirement. This difference shall be increased on January 1 each year by the percentage change between the December Consumer Price Index in the year prior to retirement and the December Consumer Price Index in the year most recently ended, calculated to the nearest tenth of a percent (1/10 of 1%), provided that this percentage change is positive. Should the earning capacity of the disability beneficiary later change, the portion of his disability retirement allowance not provided by his contributions may be further modified. In lieu of the reductions on account of a disability beneficiary earning more than the aforesaid difference, he may elect to convert his disability retirement allowance to a service retirement allowance calculated on the basis of his average final compensation and creditable service at the time of disability retirement and his age at the time of conversion to service retirement. This election is irrevocable.

The provisions of this subdivision shall not apply to beneficiaries of the Law Enforcement Officers' Retirement System transferred to this Retirement System who commenced retirement on and before July 1, 1981.

- (2) Should a disability beneficiary under the age of 62 years be restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, he shall again become a member of the Retirement System and he shall contribute thereafter at the contribution rate which is applicable during his subsequent membership service. Any prior service certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and in addition, upon his subsequent retirement he shall be credited with all his service as a member, but should he be restored to active service on or after the attainment of the age of 50 years his pension upon subsequent retirement shall not exceed the sum of the pension which he was receiving immediately prior to his last restoration after June 30, 1951, and the pension that he would have received on account of his service since such last restoration had he entered service at that time as a new entrant.
- (3) Notwithstanding the foregoing, a member retired on a disability retirement allowance who is restored to service and subsequently retires on or after July 1, 1971, shall be entitled to an allowance not less than the allowance prescribed in a below reduced by the amount in b below.

a. The allowance to which he would have been entitled if he were retiring for the first time, calculated on the basis of his total creditable service represented by the sum of his creditable service at the time of his first retirement and his creditable service after he was restored to service.

b. The actuarial equivalent of the retirement benefits he previously received.

- (3a) Notwithstanding the foregoing, should a beneficiary who retired on a disability retirement allowance be restored to service as an employee, then the retirement allowance shall cease as of the first day of the month following the month in which the beneficiary is restored to service and the beneficiary shall become a member of the Retirement System and shall contribute thereafter as allowed by law at the uniform contribution payable by all members. Upon the subsequent retirement of the beneficiary, he shall be entitled to an allowance to which he would have been entitled if he were retiring for the first time, calculated on the basis of his total creditable service represented by the sum of his creditable service at the time of his first retirement and his creditable service after he was restored to service. Provided, however, any election of an optional allowance cannot be changed unless the member subsequently completes three years of membership service after being restored to service.

- (4) As a condition to the receipt of the disability retirement allowance provided for in subsections (d) through (d4) of this section each member retired on a disability retirement allowance shall, on or before April 15 of each calendar year, provide the Board of Trustees with a statement of the member's income received as compensation for services, including fees, commissions or similar items, and income received from business, for the previous calendar year. This statement shall be filed on a form as required by the Board of Trustees. The benefit payable to a beneficiary who does not or refuses to provide the information requested within 120 days after such request shall not be paid a benefit until the information requested is provided. If the refusal or failure to provide the required information continues for 180 days after the request, then the right of a beneficiary to a benefit under the Article may be terminated.

The Director of the State Retirement Systems shall contact any State or federal agency which can provide information to substantiate the statement required to be submitted by this subdivision and may enter into agreements for the exchange of information.

- (5) Notwithstanding any other provisions of this Article to the contrary, a beneficiary who was a beneficiary retired on a disability retirement with the Law Enforcement Officers' Retirement System at the time of the transfer of law enforcement officers employed by a participating employer and beneficiaries last employed by a participating employer to this Retirement System and who also was a contributing member of this Retirement System at that time, shall continue to be paid his retirement allowance without restriction and may continue as a member of this Retirement System with all the rights and privileges appendant to membership. Any beneficiary who retired on a disability retirement allowance as an employee of any participating employer under the Law Enforcement Officers' Retirement System and becomes employed as an employee other than as a law enforcement officer by an employer participating in the Retirement System after the aforementioned transfer shall continue to be paid his retirement allowance without restriction and may continue as a member of this Retirement System with all the rights and privileges appendant to membership until January 1, 1989, at which time his retirement allowance shall cease and his subsequent retirement shall be determined in accordance with the preceding subdivision (3a) of this section. Any beneficiary as hereinbefore described who becomes employed as a law enforcement officer by an employer participating in the Retirement System shall cease to be a beneficiary and shall immediately commence membership and his subsequent retirement shall be determined in accordance with subdivision (3a) of this section.
- (6) Notwithstanding any other provision to the contrary, a beneficiary in receipt of a disability retirement allowance until the earliest date on which he would have qualified for an unreduced service retirement allowance shall thereafter (i) not be subject to further reexaminations as to disability, (ii) not be subject to any reduction in allowance on account of being engaged in a gainful occupation other than with an employer participating in the Retirement System, and (iii) be considered a beneficiary in receipt of a service retirement allowance. Provided, however, a beneficiary in receipt of a disability retirement allowance whose allowance is reduced on account of reexamination as to disability or the ability to engage in a gainful occupation prior to the date on which he would have qualified for an unreduced service retirement allowance shall have only the right to elect to convert to an early or service retirement allowance as permitted under subdivision (1) above.

Return of Accumulated Contributions. - Should a member cease to be an employee except by death or retirement under the provisions of this Chapter, the member shall upon submission of an application be paid, not earlier than 60 days from the date of termination of service, the member's contributions and the accumulated regular interest thereon, provided that the member has not in the meantime returned to service. Upon payment of such sum his or her membership in the System shall cease and, if he or she thereafter again becomes a member, no credit shall be allowed for any service previously rendered except as provided in G.S. 128-26; and such payment shall be in full and complete discharge of any rights in or to any benefits otherwise payable hereunder. Upon receipt of proof satisfactory to the Board of Trustees of the death, prior to retirement, of a member or former member there shall be paid to such person or persons as the member or former member shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the member's death, otherwise to the member's legal representatives, the amount of the member's accumulated contributions at the time of the member's death, unless the beneficiary elects to receive the alternate benefit under the provisions of (m) below. An extension service employee who made contributions to the Local Governmental Employees' Retirement System and the Teachers' and State Employees' Retirement System as a result of dual employment may not be paid his or her accumulated contributions unless the extension service employee is eligible to be paid his or her accumulated contributions in both systems for the same period of service.

Pursuant to the provisions of G.S. 135-70.1, a member who is also a member of the Consolidated Judicial Retirement System may irrevocably elect to transfer any accumulated contributions to the Consolidated Judicial Retirement System or to the Supplemental Retirement Income Plan and forfeit any rights in or to any benefits otherwise payable hereunder.

§ 128-27(f1)

Notwithstanding the foregoing provisions, upon or after retirement any member who was a uniformed fireman and any surviving beneficiary of a member who was a uniformed fireman, shall upon submission of an application, be paid the sum of accumulated contributions, with regular interest thereon, made under those provisions of G.S. 128-30(b)(1) that applied from July 1, 1965, through June 30, 1971, to the extent of the contributions required of the member that were in excess of the contributions required of other members of the Local Governmental Employees' Retirement System covered under the Social Security Act as was from time to time in effect; provided that, the return of contributions shall be payable only if the

contributions did not increase the retirement allowance of the member or surviving beneficiary under the provisions of this Chapter.

§ 128-27(f2)

Expired.

§ 128-27(g)

Election of Optional Allowance. - With the provision that until the first payment on account of any benefit becomes normally due and the first payment date has occurred, any member may elect to receive his or her benefits in a retirement allowance payable throughout life, or the member may elect to receive the actuarial equivalent of such retirement allowance, including any special retirement allowance, in a reduced allowance payable throughout life under the provisions of one of the Options set forth below. The election of Option 2, 3, or 6 or nomination of the person thereunder shall be revoked if such person nominated dies prior to the date the first payment becomes normally due and the first payment date has occurred. Such election may be revoked by the member prior to the date the first payment becomes normally due and the first payment date has occurred. Provided, however, in the event a member has elected Option 2, 3, or 5 and nominated his or her spouse to receive a retirement allowance upon the member's death, and the spouse predeceases the member after the first payment becomes normally due and the first payment date has occurred, if the member remarries he or she may request to nominate a new spouse to receive the retirement allowance under the previously elected option, within 90 days of the remarriage, and may nominate a new spouse to receive the retirement allowance under the previously elected option by written designation duly acknowledged and filed with the Board of Trustees within 120 days of the remarriage. The new nomination shall be effective on the first day of the month in which it is made and shall provide for a retirement allowance computed to be the actuarial equivalent of the retirement allowance in effect immediately prior to the effective date of the new nomination. Any member having elected Option 2, 3, 5, or 6 and nominated his or her spouse to receive a retirement allowance upon the member's death may, after divorce from his or her spouse, revoke the nomination and elect a new option, effective on the first day of the month in which the new option is elected, providing for a retirement allowance computed to be the actuarial equivalent of the retirement allowance in effect immediately prior to the effective date of the new option. Except as provided in this section, the member may not change the member's retirement benefit option or the member's designated beneficiary for survivor benefits, if any, after the first payment on account of any benefit becomes normally due and the first payment date has occurred.

Option one.

§ 128-27(a)

In the Case of a Member Who Retires prior to July 1, 1965. - If he dies before he has received in annuity payments the present value of his annuity as it was at the time of his retirement, the balance shall be paid to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees or, if none, to his legal representative.

§ 128-27(b)

In the Case of a Member Who Retires on or after July 1, 1965, but prior to July 1, 1993. - If he dies within 10 years from his retirement date, an amount equal to his accumulated contributions at retirement, less one one-hundred-twentieth thereof for each month for which he has received a retirement allowance payment, shall be paid to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees or, if none, to his legal representative; or

Option two. Upon his death his reduced retirement allowance shall be continued throughout the life of and paid to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees at the time of his retirement, provided that if the person selected is other than his spouse the reduced retirement allowance payable to the member shall not be less than one half of the retirement allowance without optional modification which would otherwise be payable to him; or

Option three. Upon his death, one half of his reduced retirement allowance shall be continued throughout the life of, and paid to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees at the time of his retirement; or

Option four. Adjustment of Retirement Allowance for Social Security Benefits. - Until the first payment on account of any benefit becomes normally due, any member may elect to convert his benefit otherwise payable on his account after retirement into a retirement allowance of equivalent actuarial value of such amount that with his benefit under Title II of the Federal Social Security Act, he will receive, so far as possible, approximately the same amount per year before and after the earliest age at which he becomes eligible, effective as of the first of the month following the month of initial entitlement, upon application therefor, to receive a social security benefit.

Option five. For Members Retiring prior to July 1, 1993. - The member may elect to receive a reduced retirement allowance under the conditions of Option two or Option three, as provided for above, with the modification that if both he and the person nominated die within 10 years from his retirement date, an amount equal to

his accumulated contributions at retirement, less 1/120th thereof for each month for which a retirement allowance has been paid, shall be paid to his legal representatives or to such person as he shall nominate by written designation duly acknowledged and filed with the Board of Trustees.

Option six. A member may elect either Option two or Option three with the added provision that in the event the designated beneficiary predeceases the member, the retirement allowance payable to the member after the designated beneficiary's death shall be equal to the retirement allowance which would have been payable had the member not elected the option.

Upon the death of a member after the effective date of a retirement for which the member has been approved and following receipt by the Board of Trustees of an election of benefits (Form 6-E or Form 7-E) but prior to when the first payment on account of any benefit becomes normally due and the first benefit payment has occurred, the retirement benefit shall be payable as provided by the member's election of benefits under this subsection.

Upon the death of a member after the effective date of a retirement for which the member has been approved but prior to the receipt by the Board of Trustees of an election of benefits (Form 6-E or Form 7-E), properly acknowledged and filed by the member, the member's designated beneficiary for a return of accumulated contributions may elect to receive the benefit, if only one beneficiary is eligible to receive the return of accumulated contributions. If more than one beneficiary is eligible to receive the return of accumulated contributions, or if no beneficiary has been designated, the administrator or executor of the member's estate will select an option and name the beneficiary or beneficiaries.

§ 128-27(g1)

In the event of the death of a retired member while in receipt of a retirement allowance under the provisions of this Article, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, a death benefit equal to the excess, if any, of the accumulated contributions of the retiree at the date of retirement over the total of the retirement allowances paid prior to the death of the retiree. In the event that a retiree is receiving a Special Retirement Allowance under subsection (m1) of this section, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if

such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, an additional death benefit equal to the excess, if any, of the employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina or the North Carolina Public Employee Deferred Compensation Plan to this Retirement System over the total of the Special Retirement Allowances paid prior to the death of the retiree. For purposes of this paragraph, the term "accumulated contributions" excludes any amount transferred under subsection (m2) of this section.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the retirement allowances paid to the retiree and the designated survivor combined equals the amount of the accumulated contributions of the retiree at the date of retirement, the excess, if any, of such accumulated contributions over the total of the retirement allowances paid to the retiree and the survivor combined shall be paid in a lump sum to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers.

In the event that a retirement allowance becomes payable to the principal beneficiary designated to receive a return of accumulated contributions pursuant to subsection (m) of this section and that beneficiary dies before the total of the retirement allowances paid equals the amount of the accumulated contributions of the member at the date of the member's death, the excess of those accumulated contributions over the total of the retirement allowances paid to the beneficiary shall be paid in a lump sum to the person or persons the member has designated as the contingent beneficiary for return of accumulated contributions, if the person or persons are living at the time the payment falls due, otherwise to the principal beneficiary's legal representative. In the event that a retirement allowance becomes payable to the contingent beneficiary designated to receive a return of accumulated contributions pursuant to subsection (m) of this section and that beneficiary dies before the total of the retirement allowances paid equals the amount of the accumulated contributions of the member at the date of the member's death, the excess of those accumulated contributions over the total

of the retirement allowances paid to the beneficiary shall be paid in a lump sum to the contingent beneficiary's legal representative. For purposes of this paragraph, the term "accumulated contributions" includes amounts of employee voluntary contributions that were transferred from the Supplemental Retirement Income Plan of North Carolina to this Retirement System at retirement by eligible law enforcement officers.

In the event a retiree purchases creditable service as provided in G.S. 128-26, there shall be paid to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the retiree's death, otherwise to the retiree's legal representatives, an additional death benefit equal to the excess, if any, of the cost of the creditable service purchased less the administrative fee, if any, over the total of the increase in the retirement allowance attributable to the additional creditable service, paid from the month following the month in which payment was received to the death of the retiree.

In the event that a retirement allowance becomes payable to the designated survivor of a retired member under the provisions above, and such retirement allowance to the survivor shall terminate upon the death of the survivor before the total of the increase in the retirement allowance attributable to the additional creditable service paid to the retiree and the designated survivor combined equals the cost of the creditable service purchased less the administrative fee, the excess, if any, shall be paid in a lump sum to such person or persons as the retiree shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time such payment falls due, otherwise to the retiree's legal representative.

In the event that a retiree dies without having designated a beneficiary to receive a benefit under the provisions of this subsection, any such benefit that becomes payable shall be paid to the member's legal representative.

§ 128-27(h)

Until June 30, 1951, all benefits payable to or on account of any beneficiary retired before such date shall be computed on the basis of the provisions of Chapter 128 as they existed at the date of establishment of the Retirement System. On and after July 1, 1951, all such benefits shall be adjusted to take into account, under such rules as the Board of Trustees may adopt, the provisions of Chapter 128 and all amendments thereto in effect on July 1, 1951, and no further contributions on account of such adjustments shall be required of such beneficiaries. The Board of Trustees

may authorize such transfers of reserves between the funds of the Retirement System as may be required on account of such adjustments.

§ 128-27(i)

No action shall be commenced against the State or the Retirement System by any retired member or beneficiary respecting any deficiency in the payment of benefit more than three years after such deficient payment was made, and no action shall be commenced by the State or the Retirement System against any retired member or former member or beneficiary respecting any overpayment of benefit or contributions more than three years after such overpayment was made. This subsection does not affect the right of the Retirement System to recoup overpaid benefits as provided in G.S. 128-31.

§ 128-27(j)

Increase in Benefits to Those Persons Who Were in Receipt of Benefits prior to July 1, 1967. - From and after July 1, 1967, the monthly benefits, to or on account of persons who commenced receiving benefits from the System prior to July 1, 1967, shall be increased by a percentage thereof. Such percentage shall be determined in accordance with the following schedule:

The minimum increase pursuant to this subsection (j) shall be five dollars (\$5.00) per month; provided that, if an optional benefit has been elected, said minimum shall be reduced actuarially as determined by the Board and shall be applicable to a retired member, if surviving, otherwise to his designated beneficiary under the option elected.

§ 128-27(k)

Post-Retirement Increases in Allowances. - As of December 31, 1969, the ratio of the Consumer Price Index to such index one year earlier shall be determined. If such ratio indicates an increase that equals or exceeds three per centum (3%), each beneficiary receiving a retirement allowance as of December 31, 1968, shall be entitled to have his allowance increased three per centum (3%) effective July 1, 1970.

As of December 31, 1970, the ratio of the Consumer Price Index to such index one year earlier shall be determined. If such ratio indicates an increase of at least one per centum (1%), each beneficiary on the retirement rolls as of July 1, 1970, shall be entitled to have his allowance increased effective July 1, 1971, as follows:

Increase
Increase In

In Index
Allowance

1.00 to 1.49% 1%

1.50 to 2.49% 2%

2.50 to 3.49% 3%

3.50% or more 4%

As of December 31, 1971, an increase in retirement allowances shall be calculated and made effective July 1, 1972, in the manner described in the preceding paragraph. As of December 31 of each year after 1971, the ratio (R) of the Consumer Price Index to such

index one year earlier shall be determined, and each beneficiary on the retirement rolls as of July 1 of the year of determination shall be entitled to have his allowance increased effective on July 1 of the year following the year of determination by the same percentage of increase indicated by the ratio (R) calculated to the nearest tenth of one per centum (1/10 of 1%), but not more than four per centum (4%); provided that any such increase in allowances shall be contingent upon the total fund providing sufficient investment gains to cover the additional actuarial liabilities on account of such increase. The determination of whether there are sufficient investment gains to cover the possible postretirement increase in allowance shall reside exclusively within the discretion of the Board of Trustees and shall be informed by the findings within the annual actuarial valuation reports. In considering whether to grant a postretirement increase, the Board of Trustees shall take into account both the rate of inflation as determined by the Consumer Price Index and the record of investment gains or losses during the preceding three-year period.

The allowance of a surviving annuitant of a beneficiary whose allowance is increased under this subsection shall, when and if payable, be increased by the same per centum.

Any increase in allowance granted hereunder shall be permanent, irrespective of any subsequent decrease in the Consumer Price Index, and shall be included in determining any subsequent increase.

Notwithstanding the foregoing linkage between increases in the Consumer Price Index and correlative contingent increases in retirement benefits determined by the availability of sufficient investment gains to cover the additional actuarial liabilities arising from those increased benefits, the Board of Trustees, may in any year, considering an increase, if any, in the Consumer Price Index, fund a cost-of-living increase in a percentage amount, measured in tenths of one percent (1/10 of 1%), of up to four percent (4%), provided that the Board may use only investment gains to fund such an increase.

For purposes of this subsection, Consumer Price Index shall mean the Consumer Price Index (all items - United States city average), as published by the United States Department of Labor, Bureau of Labor Statistics.

§ 128-27(k1)

Discretionary One-Time Pension Supplements. - As of December 31 of each year after 2020, the ratio (R) of the Consumer Price Index to such index one year earlier shall be determined, and each beneficiary on the retirement rolls as of September 1 of the calendar year of determination shall be entitled to have a one-time pension supplement paid during October of the same calendar year; provided that any such

one-time pension supplement shall be contingent upon a determination by the Board of Trustees under subsection (k) of this section that a permanent increase in benefits will not be paid during the same fiscal year as the one-time pension supplement, but the total fund is providing sufficient investment gains to cover the additional actuarial liabilities on account of such one-time pension supplement. The determination of whether there are sufficient investment gains to cover the one-time pension supplement shall reside exclusively within the discretion of the Board of Trustees and shall be informed by the findings within the annual actuarial valuation reports. In considering whether to grant a one-time pension supplement, the Board of Trustees shall take into account both the rate of inflation as determined by the Consumer Price Index and the record of investment gains or losses during the preceding three-year period. The amount of the one-time pension supplement shall be calculated as a percentage of the annual retirement allowance, where the percentage used is the ratio (R) calculated to the nearest tenth of one per centum (1/10 of 1%), but not more than four per centum (4%).

A surviving annuitant of a beneficiary shall be provided a one-time pension supplement under this subsection, when and if payable, calculated using the same per centum.

Any supplement granted under this subsection shall be a one-time pension supplement and not a permanent increase in benefits. If the beneficiary dies before payment of the one-time pension supplement is made, then the payment shall be payable to the member's estate or legal representative. No beneficiary shall be deemed to have acquired a vested or contractual right or entitlement to any future one-time pension supplement under this subsection.

§ 128-27(m) Survivor's Alternate Benefit. - Upon the death of a member in service, the beneficiary designated to receive a return of accumulated contributions shall have the right to elect to receive in lieu thereof the reduced retirement allowance provided by Option two of subsection (g) of this section computed by assuming that the member had retired on the first day of the month following the date of the member's death, provided that all four of the following conditions apply:

- (1)
 - a. The member had attained such age and/or creditable service to be eligible to commence retirement with an early or service retirement allowance, or
 - b. The member had obtained 20 years of creditable service in which case the retirement allowance shall be computed in accordance with G.S. 128-27(b22)(1)c. or G.S. 128-27(b22)(2)c., notwithstanding the requirement of obtaining age 50, or
 - b1. The member was a law enforcement officer who had obtained 15 years of service as a law enforcement officer and was killed in the line of duty, or the member was a firefighter or a rescue squad worker who had obtained 15 years of service as a firefighter or a rescue squad worker and was killed in the line of duty, in which cases the retirement allowance shall be computed in accordance with G.S. 128-27(b22)(1)c., notwithstanding the requirement of obtaining age 50.
 - c. Repealed by Session Laws 2010-72, s. 2(b), effective July 1, 2010.
- (2) At the time of the member's death, one and only one beneficiary is eligible to receive a return of his accumulated contributions.
- (3) The member had not instructed the Board of Trustees in writing that he did not wish the provisions of this subsection apply.
- (4) The member had not commenced to receive a retirement allowance as provided under this Chapter.

For the purpose of this benefit, a member is considered to be in service at the date of the member's death if the death occurs within 180 days from the last day of the member's actual service. The last day of actual service shall be determined as provided in G.S. 128-38.36. Upon the death of a member in service, the surviving spouse may make all purchases for creditable service as provided for under this Chapter for which

the member had made application in writing prior to the date of death, provided that the date of death occurred prior to or within 60 days after notification of the cost to make the purchase.

For the purpose of calculating this benefit, any terminal payouts made after the date of death that meet the definition of compensation shall be credited to the month prior to the month of death. These terminal payouts do not include salary or wages paid for work performed during the month of death.

§ 128-27(m1)

Special Retirement Allowance for Law Enforcement Officers. - Upon retirement, a member who is a law enforcement officer vested as of June 30, 2010, may elect to transfer any portion of his eligible accumulated contributions, not including any Roth after-tax contributions and the earnings thereon, from the Supplemental Retirement Income Plan of North Carolina to this Retirement System and receive, in addition to his basic service, early or disability retirement allowance, a special retirement allowance which shall be based upon his eligible accumulated account balance at the date of the transfer of the assets to this System. For the purpose of determining the special retirement allowance, the Board of Trustees shall adopt straight life annuity factors on the basis of mortality tables, such other tables as may be necessary and the interest assumption rate recommended by the actuary based upon actual experience including an assumed annual post-retirement allowance increase of four percent (4%). The Board of Trustees shall modify such factors every five years, as shall be deemed necessary, based upon the five year experience study as required by G.S. 128-28(o). . Provided, however, a member who transfers his eligible accumulated contributions from the Supplemental Retirement Income Plan of North Carolina shall be taxed for North Carolina State Income tax purposes on the special retirement allowance the same as if that special retirement allowance had been paid directly by the Supplemental Retirement Income Plan of North Carolina. The Local Governmental Employees' Retirement System shall be responsible to determine the taxable amount, if any, and report accordingly. For transfers made on or after July 1, 2022, if, subsequent to the member's election, the Board of Trustees determines that (i) the member was ineligible for the election or (ii) the election was impermissible for any reason under federal or State law, then no special retirement allowance shall be paid to the member pursuant to this subsection; the member shall return to the Retirement System any amount already paid from the Retirement System as a special retirement allowance; and the Retirement System shall return the transfer amount to the source of the transfer, including any earnings adjustment that may be required under federal law or Internal Revenue Service guidance. If the Retirement System is unable to return the amount to the account from which it originated, the member may designate another

eligible account under the transferor plan or receive a lump sum distribution paid directly to the member if the member would otherwise be eligible for a distribution under the transferor plan at such time.

§ 128-27(m2)

Special Retirement Allowance. - At any time coincident with or following retirement, a member may make a one-time, irrevocable election to transfer any portion of the member's eligible accumulated contributions, not including any Roth after-tax contributions and the earnings thereon, from the Supplemental Retirement Income Plan of North Carolina or the North Carolina Public Employee Deferred Compensation Plan to this Retirement System and receive, in addition to the member's basic service, early or disability retirement allowance, a special retirement allowance which shall be based upon the member's transferred balance.

A member who became a member of the Supplemental Retirement Income Plan prior to retirement and who remains a member of the Supplemental Retirement Income Plan may make a one-time, irrevocable election to transfer eligible balances, not including any Roth after-tax contributions and the earnings thereon, from any of the following plans to the Supplemental Retirement Income Plan, subject to the applicable requirements of the Supplemental Retirement Income Plan, and then through the Supplemental Retirement Income Plan to this Retirement System (i) a plan participating in the North Carolina Public School Teachers' and Professional Educators' Investment Plan; (ii) a plan described in section 403(b) of the Internal Revenue Code; (iii) a plan described in section 457(b) of the Internal Revenue Code that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state; (iv) an individual retirement account or annuity described in section 408(a) or section 408(b) of the Internal Revenue Code that is eligible to be rolled over and would otherwise be includible in gross income; or (v) a tax-qualified plan described in section 401(a) or section 403(a) of the Internal Revenue Code. In addition, any transfer under this subsection may be paid in whole or in part with employer contributions paid directly to this Retirement System at the time of transfer. For transfers made on or after July 1, 2022, if, subsequent to the member's election, the Board of Trustees determines that (i) the member was ineligible for the election or (ii) the election was impermissible for any reason under federal or State law, then no special retirement allowance shall be paid to the member pursuant to this subsection; the member shall return to the Retirement System any amount already paid from the Retirement System as a special retirement allowance; and the Retirement System shall return the transfer amount to the source of the transfer, including any earnings adjustment that may be required under federal law or Internal Revenue Service guidance. If the Retirement System is

unable to return the amount to the account from which it originated, the member may designate another eligible account under the transferor plan or receive a lump sum distribution paid directly to the member if the member would otherwise be eligible for a distribution under the transferor plan at such time.

Notwithstanding anything to the contrary, a member may not transfer such amounts as will cause the member's retirement allowance under the System to exceed the amount allowable under G.S. 128-38.2(b). The Board of Trustees may establish a minimum amount that must be transferred if a transfer is elected. The member may elect a special retirement allowance with no postretirement increases or a special retirement allowance with annual postretirement increases equal to the annual increase in the U.S. Consumer Price Index. Postretirement increases on any other allowance will not apply to the special retirement allowance. The Board of Trustees shall provide educational materials to the members who apply for the transfer authorized by this section. Those materials shall describe the special retirement allowance and shall explain the relationship between the transferred balance and the monthly benefit and how the member's heirs may be impacted by the election to make this transfer and any costs and fees involved.

For the purpose of determining the special retirement allowance, the Board of Trustees shall adopt straight life annuity factors on the basis of yields on U.S. Treasury Bonds and mortality and such other tables as may be necessary based upon actual experience. A single set of mortality and such other tables will be used for all members, with factors differing only based on the age of the member and the election of postretirement increases. The Board of Trustees shall modify the mortality and such other tables every five years, as shall be deemed necessary, based upon the five-year experience study as required by G.S. 128-28(o). Provided, however, a member who transfers the member's eligible accumulated contributions from an eligible retirement plan pursuant to this subsection to this Retirement System shall be taxed for North Carolina State Income Tax purposes on the special retirement allowance the same as if that special retirement allowance had been paid directly by the eligible plan or the plan through which the transfer was made, whichever is most favorable to the member. The Local Governmental Employees' Retirement System shall be responsible to determine the taxable amount, if any, and report accordingly.

The special retirement allowance shall continue for the life of the member and the beneficiary designated to receive a monthly survivorship benefit under Option 2, 3 or 6 as provided in G.S. 128-27(g), if any. The Board of Trustees, however, shall establish two payment options that guarantee payments as follows:

- (1) A member may elect to receive the special retirement allowance for life but with payments guaranteed for a number of months to be specified by the Board of Trustees. Under this plan, if the member dies before the expiration of the specified number of months, the special retirement allowance will continue to be paid to the member's designated beneficiary for the life of the beneficiary, if Option 2, 3 or 6 is selected. If the member's designated beneficiary under Option 2, 3 or 6 begins receiving monthly payments and dies before the specified number of monthly payments have been made in combination to the member and beneficiary, a one-time payment will be paid to the member's legal representatives equal to the initial monthly special retirement allowance, multiplied by the specified number of months, less the total of the monthly payments made to the member and beneficiary. If Option 2, 3 or 6 is not selected, and the member dies before the expiration of the specified number of months, the member's designated beneficiary will receive a one-time payment equal to the initial monthly special retirement allowance, multiplied by the specified number of months, less the total of the monthly payments made to the member.
- (2) A member may elect to receive the special retirement allowance for life but is guaranteed that the sum of the special allowance payments will equal the total of the transferred amount. Under this payment option, if the member dies before receiving the total transferred amount, the special retirement allowance will continue to be paid to the member's designated beneficiary for the life of the beneficiary, if Option 2, 3 or 6 is selected. If Option 2, 3 or 6 is not selected, the member's designated beneficiary or the member's estate shall be paid any remaining balance of the transferred amount.

The Supplemental Retirement Board of Trustees established under G.S. 135-96 may assess a one-time flat administrative fee not to exceed the actual cost of the administrative expenses relating to these transfers. An eligible plan shall not assess a fee specifically relating to a transfer of accumulated contributions authorized under this subsection. This provision shall not prohibit other fees that may be assessable under the plan. Each plan, contract, account, or annuity shall fully disclose to any member participating in a transfer under this subsection any surrender charges or other fees, and that disclosure shall be made contemporaneous with the initiation of the transfer by the member.

The General Assembly reserves the right to repeal or amend this subsection, but such repeal or amendment shall not affect any person who has already made the one-time election provided in this subsection.

§ 128-27(m3)

A member who has contributions in this System and is not eligible for a retirement benefit as set forth in G.S. 128-27(a) or G.S. 128-27(a1) shall be paid his or her contributions in a lump sum as provided in G.S. 128-27(f) by April 1 of the calendar year following the later of the calendar year in which the member (i) attains the applicable age under section 401(a)(9)(C)(v) of the Internal Revenue Code or (ii) has ceased to be an employee except by death. If the member fails, following reasonable notification, to complete a refund application by the required date, then the requirement that a refund application be completed shall be waived and the refund shall be paid without a refund application as a single lump-sum payment with applicable required North Carolina and federal income taxes withheld.

A member who has contributions in this System and is eligible for a retirement benefit as set forth in G.S. 128-27(a) or G.S. 128-27(a1) shall begin to receive a monthly benefit no later than April 1 of the calendar year following the later of the calendar year in which the member (i) attains the applicable age under section 401(a)(9)(C)(v) of the Internal Revenue Code or (ii) has ceased to be an employee except by death. If the member fails, following reasonable notification, to complete the retirement process under this Article by the required beginning date, then the requirement that a retirement application and an election of payment plan form be completed shall be waived and the retirement allowance shall be paid as a single life annuity. The single life annuity shall be calculated and processed in accordance with this section.

For purposes of this subsection, a member shall not be considered to have ceased to be an employee if the member is actively contributing to the Teachers' and State Employees' Retirement System, Consolidated Judicial Retirement System, or Legislative Retirement System. A retirement benefit or lump-sum refund shall not be paid under this subsection if the member is actively contributing to the Teachers' and State Employees' Retirement System, Consolidated Judicial Retirement System, or Legislative Retirement System.

N.C. Gen. Stat. § 128-27 (2025).

PINPOINT

N.C. Gen. Stat. § 128-27(a) (2025).

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
