The Department shall establish a cancer patient navigation program under the Breast and Cervical Cancer Control Program. The purpose of the program shall be to provide education about and assistance with the management of cancer. At a minimum, the program shall do the following:

Initially serve breast and cervical cancer patients statewide with the intent of future expansion to all other cancer types.

Employ a multidisciplinary team approach to assist cancer patients in identifying and gaining access to available health care, financial and legal assistance, transportation, psychological support, and other related issues.

Work with an existing cancer service agency that is not affiliated with a particular health care institution so that program clients may have access to any cancer health care facility in the State. (2009-502, s. 1.)

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
