To protect and enhance the public health, welfare, and safety, the Department shall establish and administer a comprehensive statewide injury prevention program. The Department shall designate the Division of Public Health as the lead agency for injury prevention activities. The Division of Public Health shall:

- Develop a comprehensive State plan for injury prevention;
- Maintain an injury prevention program that includes data collection, surveillance, and education and promotes injury control activities; and
- Develop collaborative relationships with other State agencies and private and community organizations to establish programs promoting injury prevention. (2007-187, s. 3.)

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
