- § 130A-309.24(a)

Each person who intends to operate, modify, or close a used oil recycling facility shall obtain an operation or closure permit from the Department prior to operating, modifying, or closing the facility.
- § 130A-309.24(b)

By 1 January 1992, the Department shall develop a permitting system for used oil recycling facilities after reviewing and considering the applicability of the permit system for hazardous waste treatment, storage, or disposal facilities.
- § 130A-309.24(c)

Permits shall not be required under this section for the burning of used oil as a fuel, provided:

(1) A valid air permit issued by the Department is in effect for the facility; and

(2) The facility burns used oil in accordance with applicable United States Environmental Protection Agency regulations, local government regulations, and the requirements and conditions of its air permit.
- § 130A-309.24(d)

No permit is required under this section for the use of used oil for the beneficiation or flotation of phosphate rock.

PINPOINT

N.C. Gen. Stat. § 130A-309.24(a) (1989).

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
