

CHAPTER 130A
ARTICLE 9 - SOLID WASTE MANAGEMENT

N.C.G.S. § 130A-310.65.

Definitions.

SOURCE	LAST AMENDMENT IN THIS TEXT	RETRIEVED	SOURCE FINGERPRINT
General Statutes of North Carolina, as published by the General Assembly	No amendment history on record	21 September 2026, 06:38 UTC	cb67ac597e9d9dc801da934a - d7c341039351106573f23099 - c47ef4fa3a70beeb

As used in this Part:

"Background standard" means the naturally occurring concentration of a substance in the absence of the release of a contaminant.

Repealed by Session Laws 2014-122, s. 11(i), effective September 20, 2014.

"Contaminant" means any substance regulated under any program listed in G.S. 130A-310.67(a).

"Contaminated off-site property" or "off-site property" means property under separate ownership from the contaminated site that is contaminated as a result of a release or migration of contaminants at the contaminated site. This term includes publicly owned property, including rights-of-way for public streets, roads, or sidewalks.

"Contaminated site," "source site," or "site" means any real property that is contaminated, and is the property from which the contamination originated, and may be subject to remediation under any of the programs or requirements set out in G.S. 130A-310.67(a).

"Contamination" means a contaminant released into an environmental medium that has resulted in or has the potential to result in an increase in the concentration of the contaminant in the environmental medium in excess of unrestricted use standards.

"Fund" means the Risk-Based Remediation Fund established pursuant to G.S. 130A-310.76.

"Institutional controls" means nonengineered measures used to prevent unsafe exposure to contamination, such as land-use restrictions.

"Registered environmental consultant" means an environmental consulting or engineering firm approved to implement and oversee voluntary remedial actions pursuant to Part 3 of Article 9 of Chapter 130A of the General Statutes and rules adopted to implement the Part.

"Remedial action plan" means a plan for eliminating or reducing contamination or exposure to contamination.

"Remediation" means all actions that are necessary or appropriate to clean up, mitigate, correct, abate, minimize, eliminate, control, or prevent the spreading, migration, leaking, leaching, volatilization, spilling, transport, or further release of a contaminant into the environment in order to protect public health, safety, or welfare or the environment.

"Systemic toxicant" means any substance that may enter the body and have a harmful effect other than causing cancer.

"Unrestricted use standards" means contaminant concentrations for each environmental medium that are acceptable for all uses; that are protective of public health, safety, and welfare and the environment; and that comply with generally applicable standards, guidance, or methods established by statute or adopted, published, or implemented by the Commission or the Department. (2011-186, s. 2; 2014-122, s. 11(i); 2015-286, s. 4.7(a).)

FULL SECTION

N.C. Gen. Stat. § 130A-310.65 (2026).

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
