General Statutes of North Carolina, as published by the General Assembly	c. 123, s. 8 — third act in the lineage	21 September 2026, 02:07 UTC	5f091c9f982a5b3de514771e - e6799b16ea7022ddb2cad58b - 251f7ba416cf30be

§ 130A-447(a) No person shall commence or continue to perform asbestos management activities unless he has been accredited by the Department. No person shall commence or continue to provide asbestos related training courses unless the course has been approved by the Department. The Commission shall adopt rules governing the accreditation of persons performing asbestos management activities and the approval of training courses. Such rules shall include categories of accreditation and shall specify appropriate education, experience, and training requirements. The rules shall establish separate categories of accreditation for inspectors, management planners, abatement designers, supervisors, workers, air monitors, and supervising air monitors. These rules shall be at least as stringent as the accreditation plan required under AHERA and regulations adopted pursuant thereto.

§ 130A-447(b) A person who applies for accreditation in the worker category may engage in asbestos containing material management activities as though he were accredited in the worker category for up to 90 days after the date he submits his application. No person whose application is rejected may continue to engage in asbestos containing material management activities under this subsection.

§ 130A-447(c) The following persons are exempt from the accreditation requirements:

- (1) The owner or operator of a building, other than school buildings subject to the provisions of AHERA, and his permanent employees when performing small-scale, short duration activities, as defined in 40 C.F.R. Pt. 763, Subpt. E, Appendix C (1994).
- (2) A person performing asbestos containing material management activities in his personal residence.

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
