A public health authority board may contract directly with private vendors to operate the authority's Medicaid billing system as an alternative to the State-operated health services information system. The contract may provide for the private vendor to bill directly the State Medicaid billing system (MMIS), thereby bypassing the State health services information system (HSIS). The public health authority shall issue a "request for proposal" to solicit private vendor bids for contracts authorized under this section. Information systems authorized under this section shall be consistent with and interface with relevant statewide public health data systems to address State cost containment and service reporting needs. Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
