General Statutes of North Carolina, as published by the General Assembly	No amendment history on record	21 September 2026, 04:18 UTC	5f5bc24b6f57d430be776bb3 - 8f4843b80b1d0df8d2b1a985 - 0317568c43046fe0

§ 130A-485(a) The Department and local health departments shall offer a vaccination program for first responders who may be exposed to infectious diseases when deployed to disaster locations. The vaccinations shall include, but are not limited to, hepatitis A vaccination, hepatitis B vaccination, diphtheria-tetanus vaccination, influenza vaccination, pneumococcal vaccination, and other vaccinations when recommended by the United States Public Health Service and in accordance with Federal Emergency Management Directors Policy. Immune globulin will be made available when necessary, as determined by the State Health Director.

§ 130A-485(b) Participation in the vaccination program is voluntary by the first responders, except for first responders who are classified as having "occupational exposure" to bloodborne pathogens as defined by the Occupational Safety and Health Administration Standard contained at 29 C.F.R. § 1910.10300 who shall be required to take the designated vaccinations or otherwise required by law.

§ 130A-485(c) Nothing in this section shall require first responders, except first responders for whom the vaccination program is not voluntary as set forth in subsection (b) of this section, who present a written statement from a licensed physician indicating that a vaccine is medically contraindicated for the first responder or who sign a written statement that the administration of a vaccination conflicts with the first responder's religious tenets, to receive a vaccine.

§ 130A-485(d)

In the event of a vaccine shortage, the State Public Health Director, in consultation with the Centers for Disease Control and Prevention, shall give priority for vaccination to first responders deployed to a disaster location.

§ 130A-485(e) The Department shall notify first responders of the availability of the vaccination program and shall provide educational materials on ways to prevent exposure to infectious diseases.

§ 130A-485(f) As used in this section, unless the context clearly requires otherwise, the term:

- (1) "Bioterrorism" means the intentional use of any microorganism, virus, infectious substance, biological product, or biological agent as defined in G.S. 130A-479 that may be engineered as a result of biotechnology or any naturally occurring or bioengineered component of any microorganism, virus, infectious substance, or biological product to cause or attempt to cause death, disease, or other biological malfunction in any living organism.
- (2) "Disaster location" means any geographical location where a bioterrorism attack, terrorist incident, catastrophic or natural disaster, or emergency occurs.
- (3) "First responders" means State and local law enforcement personnel, fire department personnel, and emergency medical personnel who will be deployed to bioterrorism attacks, terrorist attacks, catastrophic or natural disasters, or emergencies. (2003-227, s. 1.)

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
