Upon the election of a sanitary district board, the board shall employ engineers licensed by this State to make a report on the problems of the sanitary district. The report shall be prepared and filed with the sanitary district board and shall include the following:

Comprehensive maps showing the boundaries of the sanitary district and, in a general way, the location of the various parts of the work that is proposed to be done and information as may be useful for a thorough understanding of the proposed undertaking;

A general description of existing facilities for carrying out the purposes of the district;

A general description of the various plans which might be adopted for accomplishment of the purposes of the district;

General plans and specifications for the work;

General description of property proposed to be acquired or which may be damaged in carrying out the work;

Comparative detail estimates of cost for the various construction plans; and

Recommendations.

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

COLOPHON

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
