A public hospital as defined in G.S. 159-39(a) may acquire an ownership interest, in whole or in part, in a nonprofit or for-profit managed care company, including a health maintenance organization, physician hospital organization, physician organization, management services organization, or preferred provider organization with which the public hospital is also directly or indirectly a contracting provider. Ownership interest may be evidenced by the ownership or acquired by the purchase of stock. This ownership or acquisition of stock is the exercise of a health care function and is not the investment of idle funds within the meaning of G.S. 159-30 and G.S.159-39(g). (1995 (Reg. Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
