Except for the information a hospital or an ambulatory surgical facility is required to report under G.S. 131E-214.12, the financial terms and other competitive health care information directly related to the financial terms in a health care services contract between a hospital or a medical school and a managed care organization, insurance company, employer, or other payer is confidential and not a public record under Chapter 132 of the General Statutes. Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
