General Statutes of North Carolina, as published by the General Assembly	S.L. 2004-129, s. 38 — second act in the lineage	21 September 2026, 03:36 UTC	8a65108cb2ec82541f9bffa - 260b933c7317b74e5aea6626 - a4967b1130116bb8

§ 132-6.2(a) Persons requesting copies of public records may elect to obtain them in any and all media in which the public agency is capable of providing them. No request for copies of public records in a particular medium shall be denied on the grounds that the custodian has made or prefers to make the public records available in another medium. The public agency may assess different fees for different media as prescribed by law.

§ 132-6.2(b) Persons requesting copies of public records may request that the copies be certified or uncertified. The fees for certifying copies of public records shall be as provided by law. Except as otherwise provided by law, no public agency shall charge a fee for an uncertified copy of a public record that exceeds the actual cost to the public agency of making the copy. For purposes of this subsection, "actual cost" is limited to direct, chargeable costs related to the reproduction of a public record as determined by generally accepted accounting principles and does not include costs that would have been incurred by the public agency if a request to reproduce a public record had not been made. Notwithstanding the provisions of this subsection, if the request is such as to require extensive use of information technology resources or extensive clerical or supervisory assistance by personnel of the agency involved, or if producing the record in the medium requested results in a greater use of information technology resources than that established by the agency for reproduction of the volume of information requested, then the agency may charge, in addition to the actual cost of duplication, a special service charge, which shall be reasonable and shall be based on the actual cost incurred for such extensive use of information technology resources or the labor costs of the personnel providing the services, or for a greater use of information technology

resources that is actually incurred by the agency or attributable to the agency. If anyone requesting public information from any public agency is charged a fee that the requester believes to be unfair or unreasonable, the requester may ask the State Chief Information Officer or his designee to mediate the dispute.

§ 132-6.2(c) Persons requesting copies of computer databases may be required to make or submit such requests in writing. Custodians of public records shall respond to all such requests as promptly as possible. If the request is granted, the copies shall be provided as soon as reasonably possible. If the request is denied, the denial shall be accompanied by an explanation of the basis for the denial. If asked to do so, the person denying the request shall, as promptly as possible, reduce the explanation for the denial to writing.

§ 132-6.2(d) Nothing in this section shall be construed to require a public agency to respond to requests for copies of public records outside of its usual business hours.

§ 132-6.2(e) Nothing in this section shall be construed to require a public agency to respond to a request for a copy of a public record by creating or compiling a record that does not exist. If a public agency, as a service to the requester, voluntarily elects to create or compile a record, it may negotiate a reasonable charge for the service with the requester. Nothing in this section shall be construed to require a public agency to put into electronic medium a record that is not kept in electronic medium.

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
