Of the aircraft managed by the Department of Transportation, the use of aircraft for economic development purposes shall take precedence over all other uses except in cases of emergency or disaster response. The Department of Transportation shall annually review the rates charged for the use of aircraft and shall adjust the rates, as necessary, to account for upgraded aircraft and inflationary increases in operating costs, including jet fuel prices. If an aircraft is used to attend athletic events or for any other purpose related to collegiate athletics, the rate charged shall be equal to the direct cost of operating the aircraft as established by the aircraft's manufacturer, adjusted for inflation. Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
