The Department shall compile a readily available "Public Street Information Database" and place it in operation on or before January 1, 2020. The information shall convey the status of roads within the State, and it shall be updated at least monthly, except as provided in subdivision (1) of this section. The data shall reside on any existing database system chosen by the Department for this purpose, including a geographic information system (GIS) mapping system. The system chosen shall convey clear and concise information regarding the status of roads to the public. The data shall be available to the public in either graphic or tabular format, or both. The status of roads to be conveyed shall be:

Federally owned, updated as often and with as much information as the State is provided from the federal government.

State-maintained with a State road number assigned.

State-owned with a State road number assigned. (2019-156, s. 1.)

Pinpoint keys are set in the left margin of the text rather than line numbers: subsection designators are stable across editions and paper sizes, line numbers are not.

## COLOPHON

## Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
