§ 136-192(a)

Whenever, in their construction, the works of any railroad corporation shall cross established roads or ways, the corporation shall so construct its works as not to impede the passage or transportation of persons or property along the same. If any railroad corporation shall so construct its crossings with public streets, thoroughfares or highways, or keep, allow or permit the same at any time to remain in such condition as to impede, obstruct or endanger the passage or transportation of persons or property along, over or across the same, the governing body of the county, city or town, or other public road authority having charge, control or oversight of such roads, streets or thoroughfares may give to such railroad notice, in writing, directing it to place any such crossing in good condition, so that persons may cross and property be safely transported across the same.

§ 136-192(b)

The notice may be served upon the agent of the offending railroad located nearest to the defective or dangerous crossing about which the notice is given, or it may be served upon the section master whose section includes such crossing. Such notice may be served by delivering a copy to such agent or section master, or by registered or certified mail addressed to either of such persons.

§ 136-192(c)

If the railroad corporation shall fail to put such crossing in a safe condition for the passage of persons and property within 30 days from and after the service of the notice, it shall be guilty of a Class 1 misdemeanor. Each calendar month which shall elapse

after the giving of the notice and before the placing of such crossing in repair shall be a separate offense.

§ 136-192(d)

This section shall in nowise be construed to abrogate, repeal or otherwise affect any existing law now applicable to railroad corporations with respect to highway and street crossings; but the duty imposed and the remedy given by this section shall be in addition to other duties and remedies now prescribed by law. Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
