The Department of Transportation is authorized, in its discretion, to furnish municipalities road maintenance materials to aid municipalities in the maintenance of streets upon agreement for reimbursement, as may be required by the Department and agreed to by the municipality. The agreement shall provide for reimbursement in an amount at least equal to the cost of the materials, together with the actual reasonable cost of any handling and storage of the materials and of administering the reimbursement agreement, all as solely determined by the Department. In no event shall the Department of Transportation be required to furnish road maintenance materials when, in the sole determination of the Department of Transportation, to do so would interfere with the maintenance of the streets and highways under its control. Notwithstanding any other provision of law, the provision of and reimbursement for materials under this section shall not be deemed a sale for any purpose. (2009-332, s. 3.)

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
