The Department of Transportation, in consultation with its Division Engineers, shall develop biennially a uniformly applicable formula for the allocation of funds in the Highway Fund for maintenance on primary and secondary roads in each Highway Division. The formula shall take into consideration the number of paved and unpaved miles of state-maintained secondary roads in each Highway Division and such other factors as experience may dictate. In developing the allocation formula, the Department of Transportation shall allocate funding to Highway Divisions and create a plan of action to reallocate funds among Highway Divisions based upon expenditures of the first three quarters. Each Division Engineer shall have discretion in using funds allocated under this section to his or her Highway Division for maintenance activities. Allotments shall be made available to Highway Divisions on a quarterly basis, based upon the Spend Plan developed by the Department. The Department shall create a plan for reallocation to maximize use of funds with the fiscal year. This section shall not apply to projects to pave unpaved roads under G.S. 136-44.2D.

Provenance

This document reproduces the text of one section of the General Statutes of North Carolina from a source file whose SHA-256 digest is printed on every page. The digest fixes the bytes this export was made from; if the State's file changes, the digest will not match.

The text of the section is unaltered. Subsection designators have been moved from the run of text into the margin. The amendment history and the table of authorities are derived from the section by mechanical extraction — they add no characterization of the law.

This is not the official text. The official text is published by the General Assembly of North Carolina.
